

# YOU DESERVE A RAISE

From standard seating at lunch, bar-height for late-night, brunch buffets, or anything in between, your business can now be flexible enough for all customers and functions with the press of a lever.

Convenient and easily adjustable, FLAT's height-adjustable tables combine one of our FLAT® Table Bases with our adjustable pneumatic post. Once installed, our pneumatic post rises or lowers with the press of a lever and the assistance of the server. Our height-adjustable tables provide restaurants and facilities with the ability to adapt to any need—and provide a simple and convenient way to cater at dining, counter or bar height—and anywhere in between. Our height-adjustable tables help operators to cater for customers with accessibility requirements and adhere with local legislation (such as ADA compliance in the USA).

Having height-adjustable table bases means you no longer need tables of varying heights for different applications, which take up storage space and your budget. As with all of our precisely engineered products, you'll be confident knowing that your tables are stable, aligned, and doing what they should—being the centerpiece of a memorable experience.

# TABLE BASES | AUTO-ADJUST SERIES

**UR22** ♦ Our most popular round base, the UR22 is stylish and accommodates a range of tops.

**ROD**

Thicker structural tension rod to hold base together securely.

**TOP PLATE**

Superior quality—provides extra strength and stability.

**POST**

Wider diameter of 76mm/3in for structural support with increased wall thickness.

**CAST IRON BASE**

High-quality casting.

**FLAT® TECHNOLOGY INSTALLED**

The base and the technology are designed in unison to deliver superior performance and longevity.
