

# BASES LOADED

Innovation. Technology.  
Stability. Alignment. It's  
what we bring to the table.

Multi-award-winning FLAT® AUTO-ADJUST Table Bases are always on, always working, and always stable—regardless of the situation. Our revolutionary base technology automatically adjusts to the surface below then locks into place. This “World’s First” patented technology also allows the user to align multiple table tops together, eliminating problematic table ridges for good.

With over 40 models and designs to suit virtually any environment, application, height, or table top size, we'll have the perfect table solution for you.

### **AUTOMATIC STABILISATION**

FLAT Table Bases stabilise instantly. When the table moves, the feet sense the change and re-adjust automatically.

### **ALIGNMENT**

FLAT Table Bases help users align adjoining table tops by simply lifting or tilting the table top edges to the required levels.

### **DESIGN INTEGRATION**

Our technology and table bases are designed to integrate perfectly to ensure maximum performance.

### **ENGINEERED DURABILITY**

All FLAT products are manufactured and quality-assured to the highest standards, resulting in exceptional products that you can depend on.

### **OUTPERFORMS**

Our table bases are capable of adapting to a far greater variety of surface inconsistencies than traditional methods of stabilising tables and deliver superior stability on uneven terrain.

### **ACCESSIBILITY**

A number of our bases provide enhanced accessibility for disabled users and can help operators comply with local legislations.\*

\*Local disability legislation differs in different regions. Contact us to discuss which product configurations can make you compliant.

# TABLE BASES | AUTO-ADJUST SERIES

**UR30** ♦ Our heaviest base, the UR30 is ideal for larger table tops that require a firm footing.

Dining Height  
CT3013

330mm/13in

720mm/28.35in

760mm/30in

**ROD**

Thicker structural tension rod to hold base together securely.

**TOP PLATE**

Superior quality—provides extra strength and stability.

**POST**

Wider diameter of 102mm/4in for structural support with increased wall thickness.

**CAST IRON BASE**

High-quality casting.

**FLAT® TECHNOLOGY INSTALLED**

The base and the technology are designed in unison to deliver superior performance and longevity.

## SPECIFICATIONS

<b>Material/Finish:</b>	Cast Iron/Textured
<b>Base Span:</b>	760mm/30in
<b>Base Spread:</b>	760mm/30in

## DINING HEIGHT

<b>Weight:</b>	36.1kg/79.4lb
<b>Top Plate Size:</b>	330mm/13in
<b>Max Table Top Size (Square):</b>	1200mm/47in
