

# YOU DESERVE A RAISE

From standard seating at lunch, bar-height for late-night, brunch buffets, or anything in between, your business can now be flexible enough for all customers and functions with the press of a lever.

Convenient and easily adjustable, FLAT's height-adjustable tables combine one of our FLAT® Table Bases with our adjustable pneumatic post. Once installed, our pneumatic post rises or lowers with the press of a lever and the assistance of the server. Our height-adjustable tables provide restaurants and facilities with the ability to adapt to any need—and provide a simple and convenient way to cater at dining, counter or bar height—and anywhere in between. Our height-adjustable tables help operators to cater for customers with accessibility requirements and adhere with local legislation (such as ADA compliance in the USA).

Having height-adjustable table bases means you no longer need tables of varying heights for different applications, which take up storage space and your budget. As with all of our precisely engineered products, you'll be confident knowing that your tables are stable, aligned, and doing what they should—being the centerpiece of a memorable experience.

# SPECIALIZED TABLE BASES | CANTILEVER & BOLT-DOWN

PRODUCT CODE	PRODUCT	DIMENSIONS	WEIGHT	MAX TABLE TOP SIZE
CL2036281A	Cantilever Table Base (20in x 36in)	W: 510mm/20in L: 900mm/36in H: 707mm/28in	6.3kg/13.9lb	800x1200mm/32x48in (pin leg recommended)*

\*WARNING: Exceeding the maximum recommended table top size and/or weights and not utilising the pin leg (where recommended) could reduce the functionality and performance of the technology or table.

## FLAT® BOLT-DOWN MODELS

Ideal for locations with fixed seating arrangements. Bolt these bases into the floor for a stable footing. Combine multiple bases for larger table tops and creating compliant seating arrangements for customers with accessibility requirements.

All cantilever and bolt down bases are made from steel and are protected with a black, textured powder coat.
